Stepper mount Right

Hardware and extra info on last page

ADDITIONAL INFO - MUST READ

The right stepper mount uses the exact same hardware as the left stepper mount.

OPTIONAL

Installation of the cable chain mount onto the NEMA17 stepper is fully optional.

H A R D W A R E

8 - M5X50 BOLTS (INTO T-NUTS)
8 - T-NUTS (FOR EXTRUSION)
6 - M3X20 (ATTACHES STEPPER)
4 - M5X30 Dowell Pins (FOR FLANGE BEARINGS)
12 - M5 1MM SPACER (BETWEEN FLANGE BEARINGS)
12 - 625RS 5*16*5mm (FLANGE BEARING)

E X T R A I N F O

Sometimes dowell pins don't fit perfectly. To fix this issue you'll need a drill that fits the dowell pin and then using sandpaper, sand them down a little at a time testing fiting until they are a snug fit.

The image below shows a flange stack
